Important Tax Change

Effective 8/2/2002, a Federal law will simplify taxing for wireless services. Taxing will now be based on either your residential or business address which will be established as your primary place of use. The law also requires that your Tax Address be located within AT&T Wireless' licensed service area. Non-business customers on AT&T Wireless Digital One Rate, AT&T Wireless Regional Advantage, or AT&T Wireless Shared Advantage plans must use their residential address as their Tax Address. If your current billing address is already your residential or business address, no further action is required on your part. If your current billing address is NOT your residential or business address, you will need to provide that information to us. You may use attwireless.com or the form on the back of the remittance portion of your invoice to update your Tax Address.
