Laser Sight Instructions
 Congratulations on buying the BEAMSHOT Laser Sighting system. You have selected a most advanced instrument and it is our wish that you are completely satisfied. Please follow the instructions below in mounting and aligning your BEAMSHOT Laser Sighting system.

Warning: Please note that laser radiation can be harmful to the eye. Do not look directly into the laser beam or its direct reflection. Do not point the laser beam or its direct reflection at anyone. Please make sure the weapon is not loaded before attempting to mount the BEAMSHOT Laser Sight.
